Hey Tanya, I've been working with JavaScript promises, but I'm still a bit confused about how they work internally. Got any insights?

12:40 PM ✓

Tanya

Hey! Yeah, promises are just a way to handle asynchronous operations without callback hell. They represent a value that might be available now, later, or never.

12:55 PM

Got it! Thanks, Tanya!

Hey Tanya, I've been working with JavaScript promises, but I'm still a bit confused about how they work internally. Got any insights?

12:40 PM ✓

Tanya

Hey! Yeah, promises are just a way to handle asynchronous operations without callback hell. They represent a value that might be available now, later, or never.

12:55 PM

Got it! Thanks, Tanya!

AI-Detected Issues:-

There are few mistakes in the Resume

- There are issues with alignment
- There are some spelling mistakes, such as:
 - "Collaborated" is incorrectly written as "colaboarted."
 - "Spearheaded" is incorrectly written as "spaerheaded."
- The spacing between points is inconsistent.
For example, the spacing between the "Education" and "Skills" section is 5 pts, while other sections have 3 pts.

Liam

 Techspo was incredible! So many great discussions and new connections. Hope everyone had a great time! Let's stay connected.

12:40 PM

Absolutely! I met some amazing people and got insights into the latest tech trends. Looking forward to future events!

12:55 PM ✓

Emma

 Yes, EchoMates made networking so much easier! I've already followed up with some great connections. Can't wait for the next Techspo!"

Hey everyone! The Fun Fair is happening this Saturday! Along with fun games & food, it's a great chance to network and meet new people. Who's excited? 🚀🎡

12:40 PM ✓

Liam

That's awesome! I'm new here, so this is a great chance to connect with other students & professionals. Will there be a designated networking space?

12:55 PM

Emma

I love how EchoMates makes networking easier! Maybe we can use AI Matchmaking to suggest connections based on our interests before the event?
